

Tugs TAC Meeting
Friday, April 28
Olympia, WA
12- 4 p.m.

Meeting Agenda

- I. Call to order- Chairman Stuart Downer
- II. Work Session
 - A. Working meeting on Response/ Rescue Tugs:
 - Identification and review of studies done on Response/Rescue tugs for the State of Washington, Canada, and other waters, in order to make recommendations on:
 - ✓ Types of tugs deployed
 - ✓ Logical placement of tugs within the State of Washington
 - ✓ Oil Barges
 - ✓ Other Sites for Tugs (North Puget Sound/ Outer Coast)
 - ✓ Risk Factors for recommendations on need such as:
 - Vessel traffic
 - Sensitive shoreline areas
 - Current availability of capable tugs
 - Weather, currents and other natural conditions that increase risk
 - Any safeguards already in place that would mitigate the need for pre-positioned tugs
- III. Comments
- IV. Adjournment
